Abstract

1 Overview

2 Interface

2.1 Query Input

2.2 Result Output

3 Distributed Processing

3.1 Distributer

3.2 Result Combiner

4 Index Compression

5 Reterival Model

6 Roles

Larry Bowers User interface and query parser

James Bradwell User interface and query parser

Evan Dickinson Huffman encoding/decoding

Bhadresh Patel Distributed processing

Lewis Pearson Reterival model

7 Test Environment

8 Usage Guide
